Discussion on the serious subject, Child Welfare, was, nevertheless, treated in an exquisitely entertaining fashion, and by our very own Major Collier. Refreshing and happy in his presentation Herb again demonstrated that we are by no means dependent on the outside world for attractive programs.

Dr. "Andy" Anderson Speaker

And would you believe it? Andy
promises not to make use of that
word - teeth! Incisors, bicuspids,
molars - must seek air raid shelter
while the dentist talks! How strange!
Finnly in the chair. Andy at the bat.

In fact, we wonder if time is not here when organizations, more and more, must search out hidden talent within their own ranks. Our club has it, no foolin'.

KIWANIS LIVES HERE

Chairman, speaker, song leader - all embodied in one hombre - such triplicate performance fell to the Major's lot last meeting. And did he fairly pump the music from the mouths of men;

Now, that Charlie Wiggins coased to be an obstacle in Byron Gibbs way, the latter could and did compacross into membership last week. The twain pedagogues could not attend meetings at the same hour. Something just had to be done. So, to get rid of "Wig" we denoted him into the County Superintendent of Schools job, thereby promoting "Gib" to School Principal and into Kiwanis. Some sweet swell shifting, we should say.

seneene asks:

Why this Kiwanis club of ours, anyway? Answer, in part:
To meet and oat. To blow off steam.
To unload stuff unsuccessfullytried olsowhere. To crack fresh and ripe jokes. To ridicule eachother. To play the fool. To disturb, distract, discourage, decry, defeat, deject, depress, demoralize and deprive the man on the floor the right of free speech. In short, to have some fun. Lastly, not leastly: to submerge all such nonsense by unselfish regard for others.

No discourse could be more truely, no presentation more clearly put, than that of Mr. Frank Emery Cox, on Wartime Business Clinic.

Now, be ready, citizens, to accept the penalty of war, the doprivations and forget some of our "God-given luxuries" for a while.

Not certain that they still receive the weekbulletin. John Condit, "Stew" Kelso, Emerson Meyer.

Charlie and Floyd brought the Convention to our very door by their comprehensive and entertaining reports. Don't know when we "got more for our money" from any similar conclave. That our delegation was on its toes is a foremone conclusion.

Two new embellishments for our dining room to day - the beautiful Kiwanis banner. and the Achievement trophy for Forty Onc. Both giving eloquent assurance that "Kiwanis Lives Here."

This program promises to be something brand new for us. Its exact neaning will be unfold ed by the speaker, who knows.

Anything sponsored by Frederick Mann must be of merit.

At last, let us knuckle down to this letter-writing to service men. It is a most worthy effort and should command serious attention. Come to day with names and present addresses of our boys in the war. READ THIS, THEN DO YOUR STUFF - to day. We want addresses.
