TUESDAY

NOVEMBER 7, 1933

PROGRAM TO DAY: Assemblyman Hubert Scudder has promised

to be with us again to finish his talk
of a few weeks ago, and to stress Armistice Day celebration
in Sebastopol on Saturday next, November 11th. Art Meese is
to be the Chairman of the Day.

IN ADDITION: It is meet and fitting on this occasion for

our delegates to the District Convention to
give us an account of their stewardship at the Bakersfield
sessions. In all probability time will be set aside during
the first half hour to hear from Roy and Floyd. The latter,
as you know, will then and there be the fully fledged Lieu-
tenant Governor for Division Eight for the coming year.

CONCLUSION: Aside from these announcements, this issue of

The Builder carries no further observations, -
this because of unavoidable eventualities.

TUESDAY

NOVEMBER 14, 1933

TO DAY: PRESENTING--Walt Marshall as Chairman of the Day.

INTRODUCING--Mr. L.H. Moore as the speaker-in-chief.
COMING--from the State Motor Vehicle Department, Sacramento, Cal.
DISCUSSING--automobile driving, sensibly, sagaciously, safely.
TEACHING--wayward men (Kiwaniis included) how to always keep
"within the law".

WE UNDERSTAND: Note: All that appears under this title amounts

to pure and unadulterated HEARSAY. For, at last
meeting the scribe faded out during the first few minutes of play.
It would appear that one of our members was "installed" with such
solemnity, pomp and splendor as to keep him securely stalled-in
until "H C" comes to crown him.

FURTHER UNDERSTOOD: Walt M. Morgan, Jim and Charlie Wig - all

constituted a strong supporting caste to
one Edward Byrn in solemn ceremony performing. It is said of the
latter named potentate: That, he was regaled with all the accoutre-
ments of officialdom, - gaudy plumage, brilliant uniform, scintillating
badges - such as When Knighthood Was In Flower, with shining sword,
and withal, speech and poise and bearing of the ancient order of
nobility.

DID THEY PUT IT OVER? Answer: Behold a real Lieutenant Governor!

Salute Floyd D. Darby, offered in evidence,
and marked: "Club's Exhibit A".

TUESDAY

NOVEMBER 21, 1933

FOOTBALL TO DAY: We often invoke the spiral thrust, employ
----- the forward pass, and resort to trick plays
galore right here around the luncheon tables, - and all calculated
to down the other fellow in ribaldry and repartee. That's the in-
door style of football with this club of ours. To day, Dick ^{Bennett} Lewis,
coach of the Santa Rosa Junior High School squad, is going to play
the game for us in his own peculiar fashion - in a practical foot-
ball talk. So says Hollis Holbrook, Chairman of the Day.

HELPLESS: Yes, we're utterly unable to "write up" last week's
----- doings. Of course, it's simple enough to make mention
of Mr. L.H. Moore's clear cut talk on Safety With An Automobile.
His words should have a lasting imprint on all of us. But other
things happened. Call it nonsense, levity, horseplay, or what you
may; but one thing is certain, that to reproduce the same in print-
well, it just cannot be done.

JUST A FEW ITEMS: Walt Marshall's "fair trial" on charges of
----- Motor Vehicle Law infractions ended with a
swift dispensing of justice, - every bit as effectively as the most
recent kidnappers will get theirs. Another situation: Al Garrett
appeared on the scene. Once again Al demonstrated his religious
inclination by piping in on a song written to the tune of Onward
Christian Soldiers - Al's ever favorite sacred anthem. And at this
juncture, appearing on the program was Big Bill Rumbold, the huge
superdreadnaught of the club. Bill took it upon himself to sing
sonorously and sweetly while meandering down the aisle to the head
table. And Fred Cairns, Irish-like, pretended and professed purity
of character and soul while aspersions fast flowed his way. These
are mere hints at what transpired on Tuesday last.
