As we strike off this stencil Chairman Fred Mann is in the process of promoting a program, no doubt to our enlightenment and edification.

Supplementary to Fred's number we have the promise of a young uniformed man, "Butch" Remarick, a service boy of thrill-experiences, to give us a five or ten minutes' narrative of much interest.

Those committee reports of last week were okey; and yet the same still lack reduction into written form, that we may incorporate the date in achievement records. Please have your written "exhibits" to day.

Our division meeting for Nov. 29th, Ladies Night, seems to be taking on the proportions of a BIG time. That all should keep in mind this function and this date we are announcing this again, again and again !

One by one they're coming in - baby members full of pep and vinegar. Walt Wright and Frank Sillano are men of "credit and renown". Possibly another addition to day, or at least soon.

## SENTIMENT:

Breathes there a man whose soul's so dead  
Who since election hasn't said -  
My country's going straight ahead.

THANKSGIVING DAY exercises. Rev. Hugh Brunk will deliver an appropriate address. Ed Kollogg, chairman.

Supplementing, Mr. Roy H. Bill of Santa Rosa is due to speak in the interests of procuring Christmas boxes for disabled veterans presently in American hospitals.

Only an analytical and expert reporter could do justice to the talks of last week's speakers. Eight days on a life raft on the Atlantic! This was the experience of Marine Leonard Remarick, one of four survivors of 460 souls. Well, "you all" heard him.

Next on his feet, Lieutenant Sloan, flyer de luxe who bombed the daylight out of the enemy's plant, among many other feats calculated to help annihilate the barbaric Huns. But his handling of the story, -serious, humorous, natural, and everything that went to make a masterpiece was so refreshing that this speech will be commented on for one long time.

And there was still more to the doings of last Tuesday. Horse-play, if you will. Guess that human "static", stifling an "xtra" on the program was okay. However, as an alternative, had the We Can Take It spirit been employed, and the stunt been carried out - that would have been alright too, don't you think? BUT, the election is all over, and we are all good Americans.

Directors met the morning after the night before - Election night. Report of doings at this meet.

Wednesday night, the 29th, Division meeting, heralded once again.

DON'T REPORT this Tuesday at Legion Hall. BUT, DO REPORT this Wednesday evening at Seven, with ladies or friends for one GREAT BIG time.

Division meeting for # 8, at which out of town guests will be on hand for this "ladies'night". At this writing we fancy we can hear the TURKEY gobbling for all to be there, and be it understood that this is the kind of bird we'll gormandize on, plus many other delectable viands.

Retiring International President, Don Rice, and Retiring District Governor, Russ Stevens, will be our specially honored guests, Don, to deliver an inspirational Kiwanis address. Guess this, plus the turkey, should bring you fellers out, wouldn't you exclaim ?

As for last week's program, we listened to a very entertaining Thanksgiving Day address by Rev. Hugh Brank. The speaker was most happy in his remarks at the beginning, serious and sound in the peroration. Hugh, by the way, is likely to become one of us.

This evening we probably will have a couple of "babies" to initiate - first degree.

How amusing to the editor last week, listening to glib of tongue Al Huddart, unfolding a certain (?) social scene of recent enactment - a public performance - and involving a lucky member proud to embrace a golden opportunity. Too bad for you, tall boy, that it wasn't your own susceptible self. Poor jealous Lanky Al ! He just didn't belong to the right political party to qualify for the masculine gender role.
