TUESDAY

JANUARY 5, 1932

A FITTING CLIMAX: From an assortment of many excellent ones
----- our program of December 29th was certainly
of the very best. Serious, dignified, and mindful of our departed
members, the meeting was carried through in appropriate manner.
Colonel Brewer of our International Music Committee led the old
time songs beautifully, and he rendered piano selections in ex-
quisite style. Brigadier Archie Layman neatly and eloquently
dwelt upon the living and the dead. And our Julius, the only, in
language classic and profound, lifted our minds to an elevated
plane in his treatise, "In Memorium". A good ending of a good
year in local Kiwanis.

THOSE RESPONSIBLE: At the last meeting of the Board of Direct-
----- ors such a program was suggested. It was
the wish of Pres. Floyd and the program committee. The selection
of Brig. White as chairman insured unqualified success. The right
man in the right place was this Brigadier.

WE BEGIN ANEW: To day the first; to day the last. The first
----- for 1932. The last at which our outgoing pres-
ident will have full charge. On a future occasion something furth-
er shall be said on the administration of 1931. President Floyd,
appropriately enough, will be his own chairman. He has prevailed
upon his fellow jurist, Judge Donald Geary, to come from Santa Rosa
in a return address. Special musical numbers will be presented.

OUR NEW MEMBERS: The spectacle of four additions to our club
----- last Tuesday- all lined up to receive a word
of welcome and instruction didn't argue that we are badly slip-
ping, - did it? Welcome Art and Bill; Larry and Walt. And you, too,
Ira, welcome back to our fold. Six days a week "Daddy" can chum with
his baby boy. Each Tuesday, henceforth, he chums with us - unless
perchance the old boy does repeat. Never can tell.

TUESDAY NIGHT

JANUARY 12, 1932

MUCH ADO TO NIGHT:

Annual meeting and dinner - 7-30 SHARP. Legion Hall, Healdsburg. Ladies night. Cast formality

to the north winds. Come for a free and easy time. Bring along your pep and punch, and all that goes to make for a jolly time. Installation of officers by Lt. Governor John Alltucker, who comes with his Vallejo aggregation. Santa Rosa and other clubs to be represented. Healdsburg Lions to be on hand. A fine musical program arranged by Elmer Sanborn. What we did in '31, etc. Save the appetites for SEVEN THIRTY.

WE WANT WIVES:

All the wives. So say the boys who always bring their own along. Kiwanis implies a family organization on occasions such as this. Kiwanis means democracy, not caste. So, bring the wife, or beware of consequences.

AND HERE'S TO AL:

One year ago "The Builder" said: "Floyd, behind that sense of fun and frolic, you possess a full measure of judgment, willingness to serve, and capacity to lead. We're of you, and for you, and with you". Al, these self-same sentiments apply to you. As the new president of the Healdsburg Kiwanis club you inherit an excellent set-up. None better has obtained in our history. Judgment, capacity, and willingness spell success. You have 'em all. And a big job is that of the president. Success for '32, Al.

FAREWELL, PRESIDENT FLOYD:

You've certainly done your stuff. And the secretary knows it well. So do 40 of your followers for the past year. By your fruits Healdsburg Kiwanis shall ever know you. Your club will speak for itself and you to night. As District Trustee you'll be a "wiz". Au revoir.

TUESDAY

JANUARY 19, 1932

STARTING STRONG: For this, the first program under the new administration, a big man comes to day. He is Rear Admiral Garry Cole, stationed at Goat Island. This officer of high command has charge of all naval operations in and about San Francisco harbor. Another number will be Roy Haley's report on the Trustees' convention at Fresno. Vice-President Roy was selected as Healdsburg's delegate, you know.

ALL ABOARD FOR 1932: We're weighing anchor for another one year cruise. A new captain and crew are in command. Clearance papers were granted last Tuesday night. Our craft is scheduled to enter many a harbor, to wit: Public Service, Scout Camp, Public Welfare, Education, Agriculture, and a long list of other ports of entry. A successful voyage to Captain Al. and his corps of officers and men.

ABSENT MINDED: The last issue of "The Builder" omitted to mention the interesting talk by Judge Don Geary Jan. 5th on the subject of Probation. It was a masterful discourse on this modern institution which means much to thousands of unfortunate ones. Pres. Floyd fittingly celebrated his last meeting by bringing the youthful jurist back to us again.

OUR ANNUAL MEET: Of course that fine turkey dinner served by the Legion ladies was greatly enjoyed. The service was excellent. Lt. Governor John, as installing officer and inspirational speaker was just splendid. So was the Symphony orchestra. The representations from Vallejo and Santa Rosa helped to boost the performance along. Ninety men and women were there to get some impressions of the Healdsburg Kiwanis club.

ROOM FOR IMPROVEMENT: Our Attendance committee reported for 1931, in part, as follows: "With the exception of three or four members our attendance has been good". What about those "three or four" for the present year? Is it their New Year resolution to mend their ways? Or shall these continue to repeat? If so, too bad.

TUESDAY

JANUARY 26, 1932

SPEAKER, HARRY LUTGENS:

Who? President of the Redwood Empire Association. When? To day. Subject? The Redwood Empire, over which he rules. Chairman? Joe Miller, of course. Why? He's the Emperor's Minister of Transportation. So, that's that.

OUR REAR ADMIRAL:

He failed to show up, alright; but the boys did show - that they didn't need a speaker, anyway. Plenty talent seemed to be on hand - of the home brewed brand. Did anybody miss anybody? Not that anybody will admit. And this is not to disparage the naval officer of high rank, - not for one moment. He, no doubt, would have been O K; BUT, he just didn't make the grade. The point is that Healdsburg demonstrated that she alone can and did PUT IT ON; and PUT IT OVER, too, - when she had to. The program, we mean.

ROY HELPED OUT:

Of course, delegate Roy's report helped some - very much, in fact. He was handicapped to the tune of "sic tantrum doom" (or words to that effect) - the free translation being, IN HELUF A FIX. But Roy pulled out serenely with a good account of the Trustee's Convention.

BEST SINGING EVER:

So says "The Builder"; and that should settle it. Irving seemed to put into those 40 throats harmonious melodious notes; and he just seemed to pull them right out again - a la Jules Brazil. Let's repeat to day.

GAVEL, ALBERT & CO.

Last Tuesday this new firm celebrated their opening for the transaction of business for the period of one year. The partners are of short acquaintance, however, as Al. has never found it necessary to function with a club in hand. Now that he has a human club on his hands, the gavel and Al. will be employed as weapons for effective discipline. Respect for both should be accorded always. Hold 'em down, Al. Soak 'em. What a hand Al. did get. And he seemed to be rebarrassed, too.
