Cubs and Boy Scouts "perform" to day under the guidance of leader Tom Ludeke, chairman of the day. Tom states he will need the full half hour for the program.

That foursome of officers (plus wives) who went to the Stockton conference, Jan. 24th, should have been a quintette. Lt. Governor "By" having had a home date with His Nibs "Flu". He kept his date at the expense of being sadly missed at the social sessions, 'tis said.

Should the delegates bank on reporting on the conference at this meeting Tom states it must be prior to one o'clock.

Directors meet at the home of President Ern this Tuesday Eve., at 7-30.

For the purpose of record we are wont to make mention of any particularly good programs. Earl states that the talk by Mr. Thos. Stree last week on Chinchilla (not Chowchilla) Raising told something brand new to most of us.

Let's give the devil his due. At a previous meeting "Lumber" came in for an interesting treatise by Mr. "Bob" Wright. That present and past sky-rocketing prices were okay must have pleased the ears of Russ and Jin. Now it would appear that the Sherman Anti-Trust Law may not have been so grossly infringed upon after all; that the Stevens-Clar so called trust combine may not have operated in restraint of trade.

Heartly welcome to our newest member, Bill Edwards. We know you'll make good, Bill, and for this little blast just remember the editor likes a glass of fresh rich milk each Tuesday noon.

FEBRUARY 10, 1948

Cub and Boy Scouts entertainment was classy. Only want of space here prevents a fitting resume of the youngsters' presentations, together with Mr. Pierce's clever dissertations on "The Boy." By the way, are we not to have local publicity?

This Tuesday: "Commemoration and Reminiscences" - But to understand just how the above is to be applied for program purposes we must leave it to Chairman Al Huddart to elucidate. Might not this week of February 12th give us a hint?

Twenty odd at the directors' meeting Tuesday night, the Irandsens again harboring the mob, - this with "credit and renown." One of the several significant acts: Committee to draft resolution, not to lessen levity, but discourage certain far fetched license.

Another committee, the two Bills Rich and Edwards, to contact Twenty-Thirty and Rotary to the end that Healdsburg service clubs install joint road signs in keeping with all the dignity and artistry worthy of said organizations.

Two of the best reports of any conference we've ever heard, by Earl and Walt, on the doings at Stockton, Jan. 24th. Such is an incentive for all to attend those functions.

Next grand chance - Eureka, Mar. 6th, Division meet. Can't some of us remember that colorful bus trip thither some years ago? Twenty of our gang, plus 10 others. Can't we repeat?

"IT'S FUN TO LIVE IN AMERICA"
HOW OUR MEN DID FALL FOR THIS
SENTIMENT THE OTHER NIGHT!!!
TWO THOUSAND OF THEM (leaflets
FOR DISTRIBUTION AT FIRST. PER-
HAPS MORE IN THE FUTURE. DOWN
WITH COMMUNISM IN AMERICA IS
THE SLOGAN. OUR CLUB, LIKE SO
MANY OTHERS, CAN DO NO BETTER
THAN MAKE THE MOST OF THIS EF-
FECTIVE WEAPON.

"ON TO EUREKA" ISSUE

Fellow Members: On March Sixth we have a rare opportunity, yea, well nigh a duty to perform. On said date at least one half of this club should hie for the Humboldt city. Kiwanians gather there in Division meeting, whether by bus or motor car.

Recall, you older members, not so many years ago, when we filled a bus and several cars to boot (including Kiwanians from other clubs) in one of the smartest, most colorful expeditions that ever went north? What a rollicking time en route! What a get-together at our destination! That spicy entertainment! That all-round fun and frolic! That never-to-be-forgotten end of the week.

This time we can and should repeat. Let's come to day resolved to make this movement a grand success. Let' sign up for the BIG event.

In the recent past our club paid homage to one of ourselves, an officer of high Kiwanis distinction. On his journeyings we followed him hither and yon, supporting, encouraging him in every manner, And did he make good!!!

Again, at this time we are honored with another officer, also of distinction and responsibility - our own "By" - the "Professor" - the lieutenant Governor. Shall we not go right along with him to Eureka? Shall we not give him cheer and encouragement and confidence in the performance of his official duties? He'll be a central figure there.

Just about a finest week-end to let down the hair, step out among 'em and away from serious stuff. Get on the bandwagon to day.

Chairman Harry Latimer has a program in the making for this meeting.

February 24, 1948

Two recent home programs worthwhile. Lincoln Day, Al Huddart on the Great Emancipator, and Duval Bell narrating on his journeyings through the South, was observed in fine fashion.

Last week an excellent start was made in Who's Who & How in this club. Those four who gave us the down low on their past should be followed by every last man that we may all get really acquainted. Why not repeat from time to time?

As for the coming Eureka excursion March 6, looks like a repetition of years ago when we took that "I Found It" town by storm. Once landed thither this time may history ~~be~~ repeat itself. Let there be no slack time. By all means keep Healdsburg on the map.

As the boys are being financially taxed of late, as Walt exclaimed, guess Eddie and Slim were not so dumb after all by depositing 50 bucks in full satisfaction for '48.

From the University of California as Coach-in-Chief of football, comes Mr. Lynn "Pappy" Waldorf who is certain to further inspire us on the strategic rugged game. Responsible for the appearance of the big man - Eddie Beeson, of course. A real hit in store.

Have your friends, non Kiwanians, who will want to see and hear Pappy, put in appearance at 12-30 in the main auditorium.

Once again we're tempted to versify on screwy names in print upon our roster.

For instance:

We've "Passy", "Maj" and "By" and "Em",

"Bud" and "Chuck", "Hick" and "Slim" "Fin" and "Ivy", "Boats" and "Van"

Climax our rhyme with "What A Man

Once again we challenge all Division clubs to enter with us in a prize competition for the most classical poem on club nicknames. Contributions sent to this office
