

THE HEALDSBURG KIWANIS CLUB
OFFICE OF THE SECRETARY

3 - II - 30

DEAR KIWANIAN: Well, we absentees must have missed a
----- treat last Tuesday. Vallojo, true to form,
came over, put on the meeting, and brought along a real
speaker in the person of their own member, John Alterock. *Alterock.*
True, it is not long since, but history already records this
Kiwanian as one of the sound thinking, straight-from-the-
shoulder talking men of our present day ranks. We hear that
our boys just sat up and took notice. A reminder that men
still have duties at home may hit hard in spots, and some
of us will probably stay hit for some time after hearing
John Alterock of Vallojo. But see who comes next:--
Alterock

HIC COOLEY: Our own vivacious vociferous versatile HIC.
----- To day he comes with a tale from Way Back East.
HIC once again visited his birthplace at the time of snow
and ice and sleet and squalls; and he's going to give us
both the chill and warmth of his eastern reception. And
when you tell of the good old ice skating, toboganing and
sleighting, HIC, with jingle bells etc, dont forget the old
be-whiskered clan with red swollen ears, white frozen nose,
and beard all welded together with icicles like stalactites,
bronzed by King Nicotine's indelible drips. But HIC will
have other impressions, and it behooves us all to be there.
Russ Stevens is to be the Chairman, and the time is to day,
Tuesday, 12-10, Daylight Time.

ONCE AGAIN, Each springtime for a period of ten weeks
ATTENDANCE: we are asked to show the best that's in us.
----- Our best credit is attendance. The contest is
now on. Are you? Remember if you are not there you cannot
give nor receive a single impression. In conclusion, and
in self defense, we maintain that the only legitimate ex-
cuse for absence is "Flu". It's the blawsted bloomin' bunk.
But we're beating the critter at his own game.

The Secretary.

FELLOW KIWANIAN:

THE FORD

MOTOR COMPANY: Subject of last week's talk by "Hic"
----- Cooley. And a fine clear cut talk it was.
We knew that Hic would put it over, and over big; but our
belief was more than confirmed by hearing and seeing Hic
in action. Too bad some one of our own number could not
have done what Henry did. But then, there were no Kiwan-
ians in 1903.

COMING TO DAY: Mr. Morgan Walsh, Western Division Man-
----- ager of Warner Bros. and Vitaphone. This
gentleman will picture for us the picture industry up
to date. Accompanying will be Mr. Geo. M. Mann, President
Redwood Theaters "Incorporated". Recent building activ-
ities argue that this is to be a picture city. By nature's
own doing Healdsburg is a beautiful picture in itself.
Creation eloquently speaks for us. And soon the movies
will speak by dint of scientific operation. It should be
an interesting program. Ira Rosenberg, Chairman.

PRESENT AND ABSENT: Of 39 members five were elsewhere.
----- Very good --- we hardly think.
However, if and when Messrs. Jones and Baer; Stenquist,
Forman and Morse make up their attendance (and like
Brutus, these are all honorable men) then and in that
event, for this second week of the Attendance Contest,
we shall have a record of 100% net.

VALLEJO MARCH 19: This is the regularly scheduled Inter-
----- Club Meet. Make ready, all ye spirited
Kiwanians, to drive over to the Bay city to put on this
meeting in the name of Healdsburg. A few weeks ago Vall-
ejo was here with us and that Club did itself proud. Harold
Miller has the affair in hand. Make your arrangements for
the trip now. Let us show Vallejo that we, too, can produce.

MARCH 17th: A significant date. And while it was yester-
----- day, shall we not remember it on this, the
morrow? The snakes are long since gone into the salt, salt
sea; but the shamrock remains forever. Let's don the tri-
leaf emblem, as of yore, and all join in the Wearin' of the
Green. All to the point of "lest we forget".

Fellow Kiwanian: Another fine talk was that of Morgan
----- Walsh last week on the history of
moving pictures. Of particular interest to our members
were the references to Healdsburg's proposed new theater.
Talkie movies for Healdsburg is one of the live topics
at present. Naturally we were most interested to have
with us four men all active in making the vitaphone mean
more than ever to us. Congratulations to Ira for arranging
this timely program.

TONY MAGGENTI: Behold the Chairman for to day. At this
----- writing Tony can't be reached by phone;
but he'll be on the job, and he'll have a worth while pro-
gram, too. We only hope it will be Mussolini. Just too bad
we can't announce it. But the time will come some day
(perhaps) when the Secretary will be "tipped off?" on
just what is coming next.

Vallejo and Benecia: These two Clubs welcomed Healds-
----- burg Kiwanians last week. We put
on the meeting at Vallejo Wednesday, 16 of our boys going
over for the occasion. A pretty good representation, don't
you think? Elmer Sanborn was our Irish songster for that
St. Patrick's week, and ~~and~~ Kiwanian Senator Slater spoke
on Yesterday, To-Day and Tomorrow.
At Benecia we numbered five, and Harold says it was one of
best ever meetings of District Trustees.

KIWANIS ACTIVITIES: Beautiful gardens are in the mak-
----- ing, as sponsored by our Club. Flower
Exchange Day was a success, and more are to follow. The
much heralded Kiwanis show is sure to be a knockout, a few
weeks hence. And Boy Scouting is taking on new life and
action. Healdsburg without Kiwanis would be like Andy
without Amos. See you at 12-10 to-day.

Secretary.
