## A Week Ago To Day

That much forecasted outburst of oratory by a local quintette developed into a solo game - Vice-Pres. Neil Parsons speaking for self and other platformers on the Oakland conference, Mar. 29th. Good 15 minute report.

## To Day

"INDUSTRIES OF A FRUITFUL LAND"  
Sound Pictures

Sounds pretty good, doesn't it? Will sound still better with Chairman John Morgan functioning as chief operator, Neil Parsons obligato.

Would you be President of Kiwanis International? All that is required is the equivalent of President McAllister's qualifications and background, to wit: CHAIRMAN - BOARD OF EDUCATION; MEMBER OF BOARD OF GOVERNORS, ALMA COLLEGE; ASSOCIATE OF CHAIRMAN FOR U.S.-CANADA JOINT COMMISSION; PERSONAL REPRESENTATIVE OF FUEL CONTROL\* ER FOR CANADA IN WASHINGTON; ASSISTANT TO CHAIRMAN - BOARD OF RAILWAY COMMISSIONERS FOR CANADA; STATISTICIAN CANADA WHEAT BOARD AND ONTARIO HIGHWAY COMMISSION; PAST PRESIDENT OF Y.M.C.A. ; NINETEEN YEARS A KIWANIAN; FOUR YEARS AS INTERNATIONAL TRUSTEE; TWO YEARS AS VICE PRESIDENT; PAST DISTRICT GOVERNOR; CORPORATION COUNSEL; PROFESSOR - UNIVERSITY OF TORONTO A.B., L.L.B.

Would you be a dyed-in-the-wool Kiwanian? Then attend a Kiwanis Convention - gas and tires being a-plenty. You'll be inspired. Fred McAllister is an INSPIRATION.

Now listen to Pres. Finnly:

"Salvage is a 'for-the-duration' job. Every Kiwanian must continue as long as shortages of critical materials are apparent. Let's do our part."

## Last Week

Those pictures of agricultural products, by John Morgan, were as good as is John as chairman. Eatables plus "eats" make for something worth the while. And we had both, very appetizing too. As for fines-well, charity fund flourished.

One week hence, and something else is on the cards. No time to practice "absenteeism" on that **occasion.**

Another generous gesture by Len Gilbert, financing costs of broadcasting our program when Lord Godfrey Fisher was speaker, and "Sugar" was performer in a BIG way.

Saunter round about the town and take a cursory glance at those Victory Gardens - how the multitude capitalized on Kiwanis sponsorship! No hunger for Healdsburg this year. Hats off to Exchange club in furnishing free garden facilities.

## To Day

"PUBLIC SCHOOLS"

by

MR. FLOYD P. BAILEY

President of Junior College

at

Santa Rosa

BYRON GIBBS, Chairman

Support of Churches and Their Spiritual Aim committee, Chas. Comstock, chairman, has accomplished something worthwhile. A ministerial federation is organized, including all pastors - save one - non-conformist de luxe, and each is on the air, KSRO, Fridays.

Directors authorized payment of \$10.00 to help finance trip of two boys attending annual 4-H Club convention, Berkeley.

"Make Attendance in '43 stand for LOYALTY to Kiwanis and LOYALTY in the war effort. Look for an important announcement from our committee soon.

By Chairman Russ:

The speakers and their topics are as follows:

1. Ira H. Rosenberg ,

What should be done to perpetuate the usefulness of small business?

2. W.R.Haley,

Are we satisfied with the tendencies toward a beaurocratic form of government?

3. L.D.Gilbert,

Should governmental control over business be extended?

4. Frederick Mann,

Would the interests of business and organized labor be more fairly and effectively represented by government replacement of all labor unions?

5. Rev.Fred Zimmerman.

If centralized government is essential in time of war, why not continue such plan in time of peace?

Five minutes each, no more, no less. And when these orators have elocuted further discussion will be open from the floor. Russ states that petty partizan politics must be eschewed, no time or place for intemperate controversy or chronic knocking. Of coures not.

Most creditable by "By" Gibbs last week. Sweet singing by pretty white-gowned "co-eds" , prodegy Donnie Frediani tickling the ivories, Lloyd Maheras and Russell Tanner - entertaining speakers from respective schools. And then: that swell talk by Junior College President, Floyd Bailey. Pres.Finnly goes to International Convention, Congrats, "Fin",

Program continued:

Home talent in the fore a week ago. Questions of public concern ably expounded, yes, and resolute on uranimously too. Roy and Ira and the Freds were well prepared. You absentees missed some real "town hall" talks. Call around to day - we mean if it be quite convenient.

Len Gilbert will do what time forbade him last meeting, to wit: Discuss whether or not should government control over business be extended. More opportunity for discussion this time. Other features. Al. Huddart, smoothe of tongue and lip, in the chairman's chair.

We need more of such material during these times. Sound, sane, temperate talks. Discussions calculated to construct, not tear down. Presentations steering clear of narrow and biased convictions; minus petty partizanship so often found in politics. We have the men who will not take advantage of an opportunity to unload on this group of different political faiths their personal partisan views. This, a few times done and way goes the morale of your service club.

Santa Rosa gave the glad hand to five of our fellows who took in its weekly meeting, the 22nd. Always with our sponsored club.

FLASH! Just at this juncture, with thought of Resurrection Day. It is heralded that Father Leo T. Coghlan has so arranged that he will be with us in a ten minute address on the significance of Easter Sunday. Doubtful if we ever failed to pay observance to this all-meaning christian event.

O You Nimrods: Warning. Watch your step and watch the count as those speckled beauties drop into the creel. Local courts are hard boiled on reckless fisherman. We are willing to hold court on the trout stream for your convenience, if needs be. Will not be on judicial duty at City Hall Saturday. Beware of the law!
