TUESDAY

MAY 2, 1933

NED KENT, TO DAY: Chairman Charley Wiggins has prevailed on Ned to entertain us once again. The character of program to be presented has not been divulged, but Charlie states that it will be new and interesting. All of which, of course, is calculated to arouse the enthusiasm and fill the house.

AN IDEAL MEETING: Given a straight from the shoulder talk by a big man on an entertaining topic, plus twenty minutes of Jimmie Smith, and you have a composite program good enough for any service club any time, anywhere. Last Tuesday Sheriff "Dick" Fitzgerald gave us the low down and high up on smuggling narcotics to those "with iron in their cells". And Singing Jimmie - splendid.

TWO WEEKS MORE! Still running true to form with 100 per cent. But, believe us, the Attendance Committee were trembling at the thought of four being absent. They all made up, however, - Russ and Bill, Fred and "Gil"; And O, what a sigh of relief. Victory is almost assured. Be good for TWO WEEKS MORE.

MONDAY, THE FIRST: You sports who claim you went for trout, and late this night you still are out, don't miss this meet, nor be too late, tho' much you should recuperate. 'Tis tough when one's about to croak to feel the burden of a "soak". But he who goes the way of sin must settle for the violin.

CONCLUSION: ~~The Builder~~ now signs off. The editor, too, goes fishin'.

TUESDAY

MAY 9, 1933

ANOTHER FARMERS' DAY:

Just one of those gatherings from town and countryside, to knock knees together, to further amalgamate substantial elements of our community, and to listen to a prominent man well versed in horticulture. Mr. James Mills is the man who comes all the way from Hamilton City to speak to what promises to be one of the most representative gatherings ever assembled under the auspices of our club. Chairman Russ will give the floor to Mr. Mills, and perform such other functions as he may deem meet and just. Come one, come all.

EDUCATIONAL:

The program last week was nothing short of this. Master of ceremonies, Ned Kent, in pure pedagogical style, discovered our brilliance and ignorance alike via the question and answer route. "School Days", sure enough, - even to the proverbial "teacher, may I go out"? All in all, a pleasing departure from the usual order of things.

THE END OF A PERFECT DAY:

Forty one men around the tables this day, and ONE HUNDRED PER CENT for TEN STRAIGHT WEEKS. Should you play hookey this time, may God have mercy on your sinful soul. Get that?

COMMITTEES:

To date, for the most part, committee chairmen have been reporting to themselves. That's no business. Hereafter, it's going to be different - so states President Roy. Directors meet this week, Monday; and a few chairmen will have the opportunity to sit in and be heard. You know, the two presidents, Roy and Franklyn D, want action.

IMPORTANT:

Has each man his farmer guest for to day?

Today's the day and as Chairman, none other than Edward Quinn, Judge, Secretary and without doubt the peerless orator of the Vale of Sotoyome. For who else can hold his audience spellbound while with a few dynamic words drive home his sentences. Most of his thrilling speeches are short viz. - thirty days, six months, or ten dollars.

Can we say more than Mr. J. A. Mills' talk of last Tuesday was appreciated. A wonderful speaker and an earnest and sincere gentleman.

The speaker for to-day will be Kiwanian Jack Dodgin of Vallejo, who will also show movies of travel through the United States including visits to past conventions of Kiwanis. In these days of Buy American here is our opportunity to see America first - a most appropriate subject.

And not only a wonderful speaker, Ladies and Gents, for we have with us today as well, Miss Dorothy Madison, Queen of the Santa Rosa Rose Carnival, brought to us by the invitation of none other than the handsome Chairman himself. Miss Madison will say a few words regarding the celebration and urge us to be there and help our sister city celebrate.

And in closing while we hesitate to bring up a matter of this type we do hope that the club members will not allow the spirit of levity to overcome their sense of due propriety and decorum. Always remember to take your feet off the table when addressing the chair; don't use eatin' tobacco in meetin', and don't blow on your soup to cool it - be real swell and fan it with your hat.

Program Committee.

TUESDAY

MAY 23, 1933

MUSIC TO DAY: The following is chairman Elmer's letter to

The Builder:

"Program will be turned over to Music Department of the local High School under direction of Chas. McCord. Band - Orchestra - Vocal. Luncheon will be served in usual place - Band will parade to Legion Hall - Kiwanis Club will adjourn to main auditorium where concert will be heard. Please invite your friends to come and hear the school musicians. Let's get behind the local High School and give incentive to our youthful talent.

The House committee will arrange for light refreshments for the entertainers after their performance - Ice cream and cookies, or such".

And thus we are to observe Music Week, tho' a little late.

HEALDSBURG WINS: Depicting water sports at our Lake Sotoyomo

our float in which Kiwanis played its part was awarded first prize at the Santa Rosa fiesta. And again, the flower exhibit, participated in by many of our "Kivanetts", was pronounced most beautiful of all displays. Healdsburg for bathing beauties and bouquets - an' lots of other things as well.

OFF AGIN: Frank Sohler is on another of his riotous rampages

"round the world. But he'll be on agin with the boys upon his coming home. He and the Mrs. are now on the high seas. The "Doc" said he'd remember Kiwanis day in Healdsburg, even in the land of the Russian "Reds".

RESPITE: And now we pause, and just because our "Fred and Claire"

are on the air. This realm demands, forsooth commands, the world to see where dwelleth we. In word and song both sweet and strong; in classic style bent to beguile, a blessed land, an inland sea, - as if by wand - shall beckon thee.

MEMORIAL WEEK: Kiwanis pays heed to days of particular significance. Accordingly, Memorial Day is to be fittingly observed at this meeting, and under the guidance of chairman Bill White. Special music, reading, and an appropriate talk are being arranged "as we go to press".

REMEMBER: That this meeting is held on WEDNESDAY this time. So, don't get all fussed up, frustrated or furious because of the temporary tempo change. Go to the cemetery on Tuesday; or if you want a real live program go fishing, or anywhere you like; for you will have no Kiwanis business at Legion Hall on the 30th day of May.

SOME BAND: Those High School boys of ours sure can toot the horn. Under the tutelage of Charlie McCord they played up above par for us last week. We just wonder if this isn't the finest High School band on earth. Everyone present dipped his oar in loud applause. A fine treat. And a fine bunch of boys are they.

VACATION TIME: The boys will soon be off - one by one, or two by three - to the mountains or the sea. Be mindful of your attendance marks. If you must pick up a puncturing tack do it near a Kiwanis town. And while you wait seek and you shall find the meeting place. Don't have the blowout in Jackass Hill or Miners Gulch, "where Kiwanis ain't". Blow in where you can read "We Build", and "Service With a Smile". (Mechanics like the latter). Anyway, and any place that you may keep your record clear.

LOOKING FORWARD: Twenty one years from to day, when we are slipping, old and gray, another Holbrook - Edward B - may perch on our Kiwanis tree. Congratulations, "Doc", or rather, Pa and Ma.
