BELLOW KIWANIAN: This is the first and last call for our
----- luncheon to day.

During the past week several things have happened, and all of
Kiwaniis concern. Memorial exercises, the big show and the golf
tournament at Eureka. Speaking of:-

THE SHOW: A howling success in every sense. We are proud of
----- our actor boys, as here named in alphabetical
disorder: Stenquist, Sanborn, Rhoades, Darby, Bowen and Byrn, -the
last, but who said the least? On the business end, as committee
chairmen, were, TICKETS-Kingfish Comstock; STAGE-Big Boy Rum-
bold; PRODUCTION-Chief Whale Miller H.K. It was a whale of a job,
and they swimmingly put it across.

TRUSTS: Roy Haley brought us a man for last session who made
----- it easy for us all to save our cash-those who have
any. Mr. Harwood delved into the depths of Insurance and Trusts.
Now having the recipe for getting rich, the same should be put
in trust, that it may not be lost.

DR. HASSLER TO DAY: This gentleman, the Health Officer of San
----- Francisco, will talk on the subject of
CANCER. We Kiwanians have none such, but like our nation, it is
well to be prepared, that if ever necessary we can be pre-lick
the enemy. Eddie Morse is Chairman.

BACHELORS BEWARE: A maid, a man, an open fan,
----- A seat beside her chair;
A stolen kiss, six months of bliss,
Then forty years of care.

Guess we'd better stop right here.

FELLOW KIWANIAN: To day Bill Hill will wield the gong. He's
----- sure to "see some noise". But then, it can't
be louder than those torpedoes which saluted Ross on Tuesday
last. Bill has met with tough luck in his quest for the right
man. He's got 'em now, and all is calm with Big Bill.

MR. E. H. MAIZE: This gentleman kindly comes from Mirabel Park
----- in his capacity of resort manager there. It is
expected that he will extol the possibilities along Russian
River. If so, so good. Can't get too much of this these days. It's
the most valuable stream leading into the Pacific - for us.

CONVENTION WEEK: Well, tho' we were not at Atlantic City, our
----- boys sang "Alouette". OH ----- what lib-
erties were "took" with the beautiful French. But then, the lit-
tle skylark was butchered too - by the bird of prey. Elmer at
the piano, and George without the baton put it over just the same.

FOURTH OF JULY: Going back to Ross Forman. These patriotic
----- decorations, Ross, were in good taste, and
thoughtful, too. Your speaker, Mr. Wagner on Aviation, was also
very good indeed. Fortunate, it was calm after the storm. The
noisy noise did "razz" a bit, but that was just alright. Who
said Healdsburg did not celebrate?

A LITTLE PREVIOUS: To day, the 8th is in reality to day the 3d.
----- For this letter must be out before the
fireworks, or it might not come at all. A few days celebration
on the Coast, and it might be curtains for correspondence. Hence,
we go to press this Thursday morn. Read it just the same, pain-
ful tho' it be.

6 - IO - 30

FELLOW KIWANIAN: Once again, and on this IOth day of June,
----- our Tired and Hungry Business Men's Club
of Healdsburg are to assemble at Legion Hall for refreshment and
rest, and mental recreation. This, of course, includes the re-tired
as well.

COMING, BIG CHIEF: Harold Rosenberg, Chairman of the Day, has an-
----- nounced his program one week in advance. That's
the way to do business. The Chief of Police of San Francisco is
to address us. William J. Quinn, high in position, pleasing of per-
sonality, and wonderful of name. Come out, boys, and meet the Chief.

AT LAST SESSION: Dr. Hassler's talk was interesting and generous
----- to a fault. As in the case of APPENDICITIS, the
modern CANCER fad is likely to be taboo by strides in medical
science. Ed Morse did the Babe Ruth act in bringing to us such a
high grade man. More of the boys should personally meet and thank
our speakers who make sacrifice of time and effort in our interest.
Right here we beg to submit the following:

WHEREAS: Our sessions should end at ONE THIRTY SHARP, our business
----- duties await us, and the Auxiliary ladies should go home
and rest, therefore be it

RESOLVED: That hereafter each Chairman tip off the speaker in
----- advance on his allotted time.

INTER*CLUB MEET: At Mission Inn, Thursday Eve. last our Club
----- had a good representation. Kiwanian Herb
Slater, in a characteristic witty introduction, put on his feet
Lieut. Governor "Bob" Chisholm, who gave inspiration to the Meet.
In the afternoon our own Bill Hill won the cup at golf. No won-
der Bill was happy. DONT FORGET TO DAY.

6 - 17 - 30

FELLOW KIWANIAN: Wasn't that an excellent talk on Tuesday last? And it sunk in too. The Chief of Police of San Francisco vividly pictured the marks and scars on the once innocent boy, but now the unfortunate and worthless thug. No left hand turn when the straight course ahead is the safer way. And we adults should point out the path of STRAIT AHEAD. We have responsibilities to the boy and girl. Right you are, Chief Quinn.

BOY AND GIRL: They will be with us to day, 30 strong or more. Recent "grads" of the High School, ready to face the open world. This mingling with 40 of us grown ups should do these little guests no harm, perhaps some good. Welcome, boys and girls, to our Kiwanis meet to day.

VACATION TIME: Some already on their way: Harold and Ira and Reub. And "Still there's more to follow". Make up your attendance, boys, at the nearest BUILDERS meet; and send back your card that your record be kept clear.

DR. BUTLER TO DAY: He is a big man-so says Fred Young, the Chairman. He knows the needs of the youth in their formative stage of life. Our youthful guests will be the better off by hearing this Medical Advisor of the Sonoma State Home. We all look for an interesting hour at noon to day.

6 - 24 - 30

FELLOW KIWANIAN: This is a short and simple reminder of a
----- duty we have to day, Tuesday, at the very
same time and place. You know the rest, -except to state that
home talent will be on display, that Geo. Imrie will be the Chair-
man, and Earl Adams will tell us of his recent trip to the south-
land.

GOOD MEETINGS: We are having these just all the time. For the
----- month of June, Hassler, Quinn and Butler, minus
their distinguishing titles, were all above par in their instruct-
ive talks. And now comes Adams, our very own, to "step up" the al-
ready high grade talent of late. Earl, we hardly expect any par-
ticular political puff for this.

OUR LITTLE FRIENDS: The High School "grads" were ours - last
----- week. They seemed to enjoy it. Pres. Jim
gave them a nice little talk, and sent them on their way - into a
wide and open world. The "roughnecks" behaved nearly as well as
you could expect; the "aristocracy" sat in with dignity and
poise; and Floyd Darby's eulogy(?) in verse on Bill Rumbold was
the latest classic.

BREVITY IS SPICE: The scribe is a busy man these days. The
----- battle for the ballots is on. So important,
in fact, that all else must suffer - even a Kivonian weekly letter.
Consequently, this - in haste, Secretary.
