A unique subject to day - "War Gasses" - will be discussed by Mr. O.W. "Orb" Fortier of Santa Rosa.

The speaker has been trained in the knowledge and practice of things "gaseous" as applied to war.

Should our enemies contemplate administrating the stifling stuff to us on the Pacific Coast let's first get the low down from Orb. He might save our lives.

Chairman Al Huddart suggests to bring guests to this meet.

Mr. Don Cramer delivered a thrilling talk on how the Red Cross figures in on disaster relief and civilian war aid. And "Bud" Miller did himself proud telling about Boy State. Harold, alias "Bozo" is responsible for such good program.

That auction sale in the plaza, sponsored by the club, was not half bad - FIVE THOUSAND DOLLARS going into war bonds as result.

Carambo! Californian Don Rice new International President! Congratulations, Don. Healdsburg is with you during your successful administration. Our next District Governor (whoever who) will pair beautifully with President Don. And will Healdsburg be happy ?

Due to the absence of secretary Ed., Harold Morehouse will endeavor to pinch-hit as editor of this sheet for today and next week. So don't blame Ed. for what's here. Let him enjoy his vacation.

Al Huddart's meeting last week was not so bad. "War Gases," proved an interesting subject, as ably presented by Orb Fortier of Santa Rosa Club. It was rather a hellish subject, but we are beginning to find out there can be plenty of hell on earth. Better be prepared.

It was good to have Fred Haley and Don Brown, both representing the navy, as our guests. Kiwanians should be on the lookout for service men to invite to club meetings. We want them and it might be that they would like to know it.

Today Holly is our chairman and has a program that promises to be good. It is said that civilization progresses like a man rowing a boat, facing backwards. At today's meeting, we are to get a glimpse into the past as Jesse Peter, with colored movies and sound effects, will take us into the dim past of ancient America in the vicinity of New Mexico. Jesse Peter is an instructor at the Santa Rosa Junior College and his hobby seems to be Archeology. Holly has also provided some musical numbers from Roy Kirkpatrick playing the accordian, and Lorelei Holbrook, the piano. This promises to be a swell program. Kiwanians, who don't want to enjoy themselves, had better stay away.

Tuesday, July 20, 1943.

We wish to thank Holly Holbrook for a good meeting last week.

We wish, however, that there had been more time to hear Jesse Peter speak of the cliff dwellers of the dim past. Learning more of the past, we might be better able to understand the future.

We also would express our appreciation to Lorelei Holbrook and Roy Kirkpatrick for their musical numbers. We are always glad to have the young people with us and music makes a good contribution to our program.

Today Andy Anderson is Chairman. He is presenting Dr. Herman Becks, of the George William Hooper Foundation of the University of California, who will speak to us on some very vital matters pertaining to teeth. Andy tells us that he is going to talk about preventative dentistry. If his talk will enable us to keep away from the dentist, we are sure it will be very much appreciated. They are good fellows, but how they torture us!

Ten Points....They cost so little....They are worth so much for the preservation of Americanism. Let Kiwanians consider them.

1. You cannot bring about prosperity by discouraging thrift.
2. You cannot strengthen the weak by weakening the strong.
3. You cannot help small men by tearing down big men.
4. You cannot help the poor by destroying the rich.
5. You cannot lift the wage-earner by pulling down the wage-payer.
6. You cannot keep out of trouble by spending more than your income.
7. You cannot further the brotherhood of man by inciting class hatred.
8. You cannot establish sound security on borrowed money.
9. You cannot build character and courage by taking away a man's initiative and independence.
10. You cannot help men permanently by doing for them what they could and should do for themselves.

Be sure to "tune in" by lending them your ears, on another galaxy of spellbinders of our own oratorical school this day.

Personalizing public affairs is the general gist of questions to be discussed by such platform speakers as: What A Man Darby; Free Wheeling Tongued Huddart; Suave Bar Barrister Wehr; Deep, Rich and Sonorous Voiced Cooley; P.G. (Pretty Good) Singlehanded Sidewheeler Morgan. When you hear 'em - you'll be surprized!

Such subjects, once and for all, will be deliberated, dissected, disemboweled, decapitated, dejudged and discharged from the realm of controversy, - laid away in their last resting places, in pieces.

Ira Rosenberg, Chairman.

Six minutes, gentlemen, Six seconds over, and you pay in coin.

Didn't know Lt. Governor was coming until after this program had been arranged. Don't you overstep your 10 minutes either, Bill, else meet the Sgt. At Arms! Hail, Governor Bill Thomas.

We do appreciate the fine service by Harold Morehouse in issuing the two bulletins while the editor was much in need of northern climatic conditions. Some journalist, Harold.

Copies of Kiwanis Wartime Reporter distributed to day. Read it.

Not so good. Due to serious injury, Ed. Beeson, presently in a hospital, will be out for a couple of months, we fear.

Better news. We will be welcoming back in the club to day Jimmie Kennedy - Jimmie, much to the liking of us all.

A fine talk by Dr. Herman Becks last week, on dentistry prevention. A man with a message.
