Ben Cummings held fast our attention telling about synthetic rubber. Our Ben knows his chemistry as well as his trout. He's a winner in both branches, and well the editor should know particularly anent the latter. Yes, we'll have new tires - sometime. Thanks, Louie, for the program.

Standing in silence in memory of our late member, Fred Zimmerman, was both appropriate and impressive. REST IN PEACE, FRED.

By request: Lt. John Condit's present address: Lt. John A. Condit, O-257794, Detachment of Patients, 4149 U.S. Army Hospital Plant, APO, 165,  
% Postmaster, New York, N.Y.

HIP? HURRAY! Three months of 100 per cent! Now for that free dinner! And what a celebration it's bound to be! Great work, Harold.

From the Santa Rosa Airport comes as speaker -

Rev. Father Biggers,  
Chaplain

Army morale, entertainment and different experiences should be a source of entertainment and enlightenment

Harvey Bell, Chmn.

Governor Russ and Cleone now back from the International. Aren't we due for a report, Russ, - sometime?

To Mervyn Daw's barbecue off in the hills went seven of our sports Friday night. What a feed! What a time! Fine hospitality, Mervyn. Santa Rosa is going strong these days.

Welcome back, Ed Norton. Pap will be the order henceforth.

Remember next Tuesday falls on Wednesday this week. Don't mistake.

No word from the program committee. No chairman calls up. "No Nothing", thereby leaving the editor out on the end of a limb.

AND YET

Something very worthwhile is in the offing. Please be advised that in all probability our Governor Russ will favor us with one of his gubernatorial speeches such as he has delivered on state occasions in the past. Better be there.

And this will be the morning after the night before - Monday night - when the whole membership feasted and celebrated these three successive months of ONE HUNDRED PER CENT ATTENDANCE.

A complimentary function by - wonder who? Wonder, too, if other clubs, proud of a District Governor, may not follow suit.

A group of catchy stories and a neat talk on matters military by Rev. Biggers, Chaplain, last week.

Summer School Neil, the Presidente, flashes he'll be back for the meeting to day. We suggest a short meeting of the directors immediately following this program. Five minutes only.

Hats off to Harold Miller, chairman of the attendance committee, who so persistently and faithfully put across that 100 % stuff. A record for our club, we believe.

We're losing three members. What's going to be done to fill the ranks? How about those muchly forecasted new members?

Messrs. S. J. Cayling, aided and abetted by Mr. Stubb's Stollery and pictures, told us much about producing magnesium in California last week. A new and thriving California industry at Permanente.

MR. FRANK THOMPSON

Assistant Probation Officer will speak on the workings of his office to day. Whenever you need probation just call on Frank

ROY WEHR, CHAIRMAN

Then, too, spoke Masters Bill Foote and Allen StClair whom our club and the Legion sent to Sacramento in Boy State convention.

Very thorough and interesting reports indeed.

Our Francis Passalacqua is now First Lieutenant in the Navy. Gone to Tucson, Ariz. for the "First Degree".

A fine law practice is for the time forgotten to serve his country. We'll miss this boy.

Illness of our good member Harold Morehouse is regretted by all of us and the community. Conscientious and hard-working Harold will not be with us for a while. We'll miss him and rejoice at his recovery.

My pipes are round & true & trim. Short & stout, while I am SLIM. In quality they are heap nice; A deal's OK when you know PRICE. I make some for my hobo friends, To sleep in shelter from the winds. Houses scarce; rains will be wet; Come bunk in my rooms to let.

Advt.

Let's answer these pointed  
 questions at the polls -  
 not in club controversy.  
 If you are in doubt, call  
 on the editor, privately.  
 He has some ideas.
