( LABOR, IN ITS RELATION TO THE )  
( )  
( CHRISTIAN RELIGION )  
( )  
( subject to day, by Harold Morehouse )  
( )  
( Chairman, Fred Kinley )  
(-----)

We were fortunate to have such man as John Plover, State Superintendent of Probation, last meeting; and of course his talk was in line with his official work.

The Healdsburg Harvest Festival just at its best at this hour, a perfectly poor time for other considerations, including the writing of a weekly bulletin.

And speaking of this Festival, wonder if its great success is not somewhat due to outstanding activities of Kiwanians. We're for it, and of it, and in it. It helps to BUILD.

Next big time - Division Meeting, September 20, Santa Rosa as host club. Keep open for that night. Stag party.

Recess until to-morrow

This is now the morning after the night before. And what a night in Healdsburg! What a grand spectacle that was on our Russian River! A Rivercade never to be forgotten. No such multitude ever gathered here. And never such an artistic entertainment. God blessed Healdsburg with its Russian River. A good town for a Kiwanis club, this.

( DISTRICT ATTORNEY, TOLAND C. McGETTIGAN )  
( WILL BE OUR GUEST SPEAKER TO DAY, THE )  
( SUBJECT: "CIVIL DEFENSE" )  
( An appropriate, timely topic, this time )  
( Genial and congenial "Hick" Cooley will )  
( be "at the controls", viz. Chairman )

Should one man absent himself just because of Admission Day said act will be an admission of laxity in attendance.

Christianity and Labor was given logical and fair treatment last week at the hands of our only cleric, Harold Morehouse. Another sample of our capable home talent.

Kiwanians, take notice: Decree has gone forth that this club shall meet on Wednesday, November 12th, instead of Armistice Day, Tuesday preceeding. How's this for advance notice?

Kiwanis favors transacting business at home. Infraction of this principle by our latest newlyweds proved materially costly, but spiritually sociable at Nortons' Friday night.

Division Meeting, Santa Rosa, September 20th. Better plan to take in the BIG time. Past Dist. Governor, Fred "Buck" Ewing, dinner speaker. Owen, we'll need you. And the whole gang too.  
Harvest Festival! Stupendous! And was Kiwanis There?

SUPERVISOR E. J. "NIN" GUIDOTTI  
in  
EXPERIENCES AT WASHINGTON, D. C.  
Bodega Bay and airport projects here.  
Bottom pal Joe Cox, the chairman.

Civilian Defense, by District Attorney Toland C. McGettigan, was timely subject of discourse last week. And we learned much about it too.

Our "Sully" says: Say in the bulletin that dedication ceremonies will take place immediately after the meeting to day at the site of the future firemen's headquarters adjacent to the Am. Legion building. All club members are expected to attend for a few minutes only. Pictures will be taken of our group.

Anent this, perhaps our regular program may be started early thus enabling us to be on the spot sharp at 1-30.

Also important: This last reminder of the divisional meeting at Santa Rosa this week Saturday evening. Candidate for Lieutenant Governor is to be named. Dinner gathering (of men only) in Hotel Santa Rosa at 7, P.M. Lt. Governor Russ who is the inspiration of this affair is deserving of a big turnout from his fellow club members. Past Governor Dr. Ewing, speaker.

When Gino Buffi is chairman rest assured that his program will smack of sports of one brand or other. At this particular season of course it's the game indicated on this side line. And so, it's

JIMMIE UNDERHILL  
coach of Santa Rosa High  
School to day. Let 'er go!

Fireside chat 'bout Washington D.C. - not by F.D.R. this time, but by "I'm A Republican" E.J.Guidotti, appearing in person last week. "Nin" recited how open port Bodega Bay was lobbied into reality by his crusaders from Sonoma County. Aside from commerce on our coast, the stripers can swim to Healdsburg henceforth. Better than U-Ketchum rainbows.

Heap good division conclave Saturday last at Santa Rosa. One certain patriot and pacifist of fling fame should have heard Dr.Fred "Buck" Ewing tell how Americans must display guts and guns, if necessary, for democracy sake.

At this meet, too, our Russ impressively bowed himself out of division governorship of high standing. May still higher service beckon this boy. Congrats to Judge Dave Wright, our coming Lt.Governor.

( Our last advice was that Chairman Albert )  
( was reconnoitering in his Garrett, or other )  
( logical field, for a speaker. No report to )  
( date on the result of his findings. )  
( CONSEQUENTLY, THEREFORE AND WHEREFORE: )  
( The anterior and posterior names of our )  
( guest artist are to wit: ? ? )

Jimmie Underhill seemed to know the U.C.squad was good. And he thought St.Mary's was not to be sneezed at. Being Irish, he and the editor cannot shillalah the men from Moraga, even in their defeat; but Berkeley is sure tops. Jimmie's speech, by the way, was as classy as California football performers.

Wonder if it's safe to make this the final announcement that the DIRECTORS are to meet at ~~the usual hour and place, this~~ Thursday. What d'y think ?

One thing you mustn't forget is the election of officers next Tuesday. The nominating committee has suggested candidates. A la democratic (we like that word) procedure you are privileged to name your choice and "write in" accordingly.

YOUTH CORRECTION and CIVILIAN COUNCILS OF DEFENSE are particularly stressed by the District Public Affairs Committee. Thru our local committee this club has occasion to be active. We have been given representation on this District Committee.

District Convention, San Jose, Oct.23-5. Let's go.
