Frank Sillano, with gavel in hand (provided someone doesn't swipe it again), will present as guest speaker, Major C.J. "Red" Tauzer, of Santa Rosa. This gifted speaker, distinguished attorney and army officer just out of service, will speak on something like court procedure in the service. Brand new subject for most of us.

Charlie Keith's program last week consisted of tidbits of sundry sort, including a salmon, "Exhibit A" - caught in Klan-ath waters, once a three footer, but shrunken to 4 inches, well understood dimension boasted of by our Isaac Walton "Squire". That O.O.D. charge of three six bits had to be charged to profit and loss, the editor being broke after his return.

A bunch of thanks, Byron, for bulletin pinch hitting while the Secretary was vacationing last week. A very creditable journalistic effort; also, a pleasant deviation from our usual stereotyped stale stuff.

Speaking of fishing, you who would learn to loose the little fry and land the big ones just take along John McClish and yours truly next time. You'll be surprised; yes, inspired!!!

And now we close, solemnly reminding that nominating committee to come through with the result of their findings. Possibly your selections may be confirmed by our Kiwanis Senate.

Chairman Charlie Keith is right on the job with a good program up his sleeve, to wit: that a representative of the State Chamber of Commerce will be here with an important message.

Who is he who didn't get full value for his attention, listening to Major "Red" Tauzer last week? The speaker fairly put to shame our civilian courts for their well understood continuing and procrastinating practices as compared with the dispatch employed in military courts. Straight-from-the-shoulder talk, that.

COMMITTEE REPORTS - where ~~you~~? Chairmen, bring 'em in to day. We need them pronto. Save your heavy kitty contributions by contributing to an account of our activities.

To the Don Jacksons the board of directors paid high compliments for real hospitality, refreshments and midnight patience last week. The "no peekies" just would stay and stay. Wonder why.

Isn't this nice? Iron Pete Peterson, International Secretary: "Thank you for sending us the Resolution adopted by the Healdsburg Club commending those people who gave so much time and did such fine work on the home front." And further:

"You will be interested in knowing that Evelyn Miller Nielsen, whose father is a member of your club, worked with us in the General Office for a number of months. - - - She is a fine young lady, and we were glad to have her among our group."

Chairman, Harry Latimer. Speaker, Captain Don Barry, who will tell of the activities of the Salvation Army during the War.

We have listened to several sound talks by Bob Moir of the State Chamber of Commerce. We heard another one last Tuesday by the self-same Bob - on post war activities in this locality. When Bodega Bay receives its finishing touch Sonoma will have a real port of entry, - so says Live Wire Bob.

Election of officers at this meeting. On the ballot it will be observed that spaces are left for writing in names of your choice. Kiwanis is a democracy. Fair play should ever be its watchword. No better time to display this than at Kiwanis elections. Hence, lines on the ballot for your John Henry if you like.

If attendance keeps up to snuff for another two weeks it looks like another opportunity for the bunch to blow off at another jolification, celebration, relaxation, or something akin thereto.

To Elmer Christensen: A hearty welcome into Healdsburg Kiwanis. "In form and feature, face and limb" the new high school proxy looks the real hombre. Takes some such type to follow the path of Neil Parsons. We'll be a-hearin' from him soon.

Sailor Jerry Whitwell, former Kiwanis bulletin distributor, at present on leave, was a very welcome guest. Nice talk by Jerry.

Community War Chest, subject of do day's deliberations. Our distinguished Superior Court Judge, Hon. Hilliard Comstock, will be the principal speaker. We are informed too, that the speaker's address will be supplemented by a service man, name unknown at present. Observation: At this hopefully dignified function, for chairmanship material, only one of exemplary habits shall be nominated to perform. "Many are called, but few are chosen", so sayeth the Bible. Who is he? You won't be surprised.

"Freedom's Crowning Hour" - by Captain Don Barry last meeting pictured happy times ahead, even after devastating war. Such cheering talk gives us something worthwhile to look forward to.

Next directors' meeting at home of Harold Miller, October 2nd.

And if we qualify for another quarterly attendance get-together, (if we do we'll be so glad; if we don't we'll be so sad), same will take place October 9th. You truants better "make up".

Here is the lineup, squad, team, (we won't say wrecking crew yet) for '46:

President, Louie Schwab; Vice-President, Earl Osborn;

Treasurer, Lieu Hall; Sgt. at Arms, Rhino (coros) Ralls;

Directors, as per the alphabet:

Hugh Brunk; Floyd Darby; Ern Erandson; Earl Osborn;

Ira Rosenberg; Russ Stevens; Walt Wright.

You who would retain familiarity with these most popular names in all gangdom might file away this rogues gallery outfit.
